Docket Nos. 50-387
50-388

Dear Mr. Schwencer:

Condition 28A of the Susquehanna Unit 1 operating license indicates that PP&L has not completed its actions to have the NSSS supplier review the Emergency Operating Procedures and Startup Tests. We believe this item was completed with our submittal on May 6, 1982 (PLA-1078). This appears to be confirmed by Supplement 3 to the Susquehanna SER. We request your concurrence on this matter.

Very truly yours,

N. W. Curtis
Vice President-Engineering & Construction-Nuclear
