NATIONAL PARK SERVICE  
WASHINGTON, D.C. 20240

IN REPLY REFER TO:

710

FEB 10 1983

The Director of the National Park Service is pleased to inform you of our determination pursuant to the National Historic Preservation Act, as amended, and Executive Order 11593 in response to your request for a determination of eligibility for inclusion in the National Register of Historic Places. Our determination appears on the enclosed material.

As you know, your request for our professional judgment constitutes a part of the Federal planning process. We urge that this information be integrated into the National Environmental Policy Act analysis and the analysis required under section 4 (f) of the Department of Transportation Act, if this is a transportation project, to bring about the best possible program decisions.

This determination does not serve in any manner as a veto to uses of property, with or without Federal participation or assistance. The responsibility for program planning concerning properties eligible for the National Register lies with the agency or block grant recipient after the Advisory Council on Historic Preservation has had an opportunity to comment.

We are pleased to be of assistance in the consideration of historic resources in the planning process.

## DETERMINATION OF ELIGIBILITY NOTIFICATION National Register of Historic Places National Park Service

---

Name of property: *Site SES-3*

Location: *Luzerne County*

State: *PA*

Request submitted by: *NRC/A. Schwencer*

Date received: *12-20-82*

Additional information received:

---

Opinion of the State Historic Preservation Officer:

Eligible                       Not Eligible                       No Response

Comments:

The Secretary of the Interior has determined that this property is:

Eligible      Applicable criteria: *D*                       Not Eligible

Comments: *This site is important for the ability to use sedimentary studies to correlate with similar sites in other parts of the floodplains. Combining sediment studies with raw material distributions and site use may fill important gaps to allow the prediction of and recognition of Late Archaic sites in river surveys.*

Documentation insufficient

### Opinion of the State Historic Preservation Officer:

Eligible                       Not Eligible                       No Response

Comments:

### The Secretary of the Interior has determined that this property is:

Eligible      Applicable criteria: *D*                       Not Eligible

Comments: *The importance of SES-8 is that it may provide important data on the Late Archaic and Transitional periods. Geomorphic studies indicate a continuen of resources for utilization has existed since Late Archaic times. Studies of sediments may allow comparisons with other floorplain sites.*
