Docket No. 50-387

Dear Mr. Schwencer:

With regard to License Condition 3, on March 4, 1983 Pennsylvania Power & Light Company submitted a letter to the Department of Energy. This letter transmitted comments on DOE's "Contract for Disposal of Spent Nuclear Fuel and/or High-Level Radioactive Waste." Via the March 4, 1983 letter, PP&L has initiated negotiations to result in the execution of a contract with DOE and thus PP&L satisfies the intent of License Condition 3.

Very truly yours,

N. W. Curtis  
Vice President-Engineering & Construction-Nuclear
