2) PLA-1448, dated 12/22/82 from N. Curtis to A. Schwencer
3) PLA-1067, dated 4/19/82 from N. Curtis to A. Schwencer

Dear Mr. Schwencer:

PP&L is participating within a BWR Owners Group Committee to address the issues concerning "Fast Scram" Hydrodynamic Loads on Control Rod Drive Systems (Reference 1). Due to delays caused by additional testing, the BWR Owners Group report will not be received by PP&L in sufficient time for a response in the second quarter of 1983 as was previously indicated (Reference 2). When the report is issued, a plant specific analysis for Susquehanna will be generated. We anticipate that this analysis will be ready for submittal by the end of this year.

Very truly yours,

N. W. Curtis
Vice President-Engineering & Construction-Nuclear

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the integrity of the financial system and for the ability to detect and prevent fraud.

2. The second part of the document outlines the specific requirements for record-keeping. It states that all transactions must be recorded in a timely and accurate manner, and that the records must be maintained for a minimum of five years.

3. The third part of the document discusses the role of the auditor in verifying the accuracy of the records. It states that the auditor must perform a thorough review of the records and must report any discrepancies to the appropriate authorities.

4. The fourth part of the document discusses the consequences of failing to maintain accurate records. It states that individuals who fail to comply with the requirements may be subject to fines and penalties, and that the integrity of the financial system may be compromised.

5. The fifth part of the document discusses the importance of transparency and accountability in the financial system. It states that transparency is essential for the public to have confidence in the system, and that accountability is essential for the system to function properly.

6. The sixth part of the document discusses the role of the government in regulating the financial system. It states that the government has a responsibility to ensure that the system is fair and equitable, and that it must take steps to prevent fraud and other illegal activities.

7. The seventh part of the document discusses the importance of education and training for individuals involved in the financial system. It states that education and training are essential for individuals to understand the requirements and to perform their duties properly.

8. The eighth part of the document discusses the importance of ongoing monitoring and evaluation of the financial system. It states that the system must be regularly reviewed and updated to ensure that it remains effective and efficient.

9. The ninth part of the document discusses the importance of cooperation and coordination among the various stakeholders in the financial system. It states that cooperation is essential for the system to function properly, and that coordination is essential for the system to be effective.

10. The tenth part of the document discusses the importance of public participation in the financial system. It states that the public has a right to be involved in the system, and that public participation is essential for the system to be fair and equitable.
