Docket Nos. 50-387  
50-388

Dear Mr. Schwencer:

PP&L is not utilizing the BWR Owner's Group (BWROG) Control Room Survey Program.

PP&L conducted an initial Control Room Design Review prior to licensing of Susquehanna SES, Unit 1. The NRC evaluation of that review is contained in Section 22 and Appendix F to the Susquehanna SES SER. Since the initial review effort, PP&L has established a program for a Detailed Control Room Design Review. This program was submitted to the NRC in PLA-1079 dated June 3, 1982. PP&L has completed the control room survey, function and task analysis, control room inventory and has assessed the control room for Human Engineering Deficiencies (HEDs).

The detailed schedule for completion of control room design review work was submitted to the NRC in PLA-1621, dated April 15, 1983, which is our response to Generic Letter 82-33.

Very truly yours,

N. W. Curtis  
Vice President-Engineering & Construction-Nuclear
