SUSQUEHANNA STEAM ELECTRIC STATION
RELIEF REQUEST FOR TRANSFORMER REPLACEMENT
ER 100450 FILE 841-8
PLA-1841

Docket No. 50-387

Dear Mr. Schwencer:

The purpose of this letter is to cancel our request for relief from Technical Specification requirements for the replacement of our startup transformer (T-10). This relief was requested in letter PLA-1764, dated July 29, 1983 and supplemented by letter PLA-1768, dated August 4, 1983.

The reason for cancelling this relief request is the fact that the replacement of the transformer was required prior to the expiration of your comment period due to the Sholly Rule and the transformer was replaced and functional prior to the expiration of the 72-hour ICO on off-site power sources.

Very truly yours,

N. W. Curtis
Vice President-Engineering & Construction-Nuclear
