Docket No. 50-387

Dear Mr. Schwencer:

In response to your letter of September 28, 1983 (which PP&L received on October 5, 1983), we do not concur with the staff position on Technical Specification 4.8.1.1.2.d.12 requiring the second diesel start to occur in less than or equal to 10 seconds. Therefore, we request the opportunity to discuss this matter in greater detail.

Very truly yours,

N. W. Curtis
Vice President-Engineering & Construction-Nuclear
