Docket Nos. 50-387  
50-388

Dear Mr. Eisenhut:

The information you requested concerning cold starts of diesel generators is not applicable to the Susquehanna SES, since 125°F cooling water and 125°F lubricating oil are kept circulating through the diesels to increase their reliability and prevent damage from cold starts.

Very truly yours,

N. W. Curtis  
Vice President-Engineering & Construction-Nuclear
