Mr. Smith,

Could you give me the contact business telephone number, fax number and email address for Karen Krabill for our contact list.

We have changed the protocol on how we write licenses. We need to write the licensed amount of material for Troxler devices separate from the CPN devices.

How much Cs-137 would you like to be licensed for the Troxler 3400 series, Model 3411, Model 4640 and 4640B? How much Am-241 for the Troxler 3400 series and Model 3411?

How much Cs-137 would you like to be licensed for the CPN International Model MC Series and how much for Am-241.

Alternately, just tell me how many gauges you would like to be licensed for of each type.

Thank you,

Dennis Lawyer
