

Waterford 3 Steam Electric Station
Request for Presubmittal Public Meeting
License Amendment Request to TS 3/4.7.4, “Ultimate Heat Sink”

Waterford 3 is preparing a License Amendment Request (LAR) associated with the Ultimate Heat Sink (UHS). The purpose of the presubmittal meeting is for Waterford 3 personnel to describe the changes impacting the requested Technical Specification changes. The Waterford 3 personnel will present the following information:

- Ultimate Heat Sink Design
- Description of hot air recirculation adverse condition
- Resolution of the hot air recirculation
- Computational fluid dynamics model; ANSYS-CFX
- Thermal hydraulic model
- Technical Specification change
- Additional issues resolved in the change
