Docket No. 50-388

Pennsylvania Power & Light Company
ATTN: Mr. Harold W. Keiser
Vice President - Nuclear Operations
Two North Ninth Street
Allentown, PA 18101

Gentlemen:

We have received a copy of your application dated June 24, 1985, which was filed with the Office of Nuclear Reactor Regulation (ONRR) for review. This application requested certain Technical Specification (TS) changes relating to 10 CFR 50.72 and 50.73 reporting requirements for the Susquehanna Steam Electric Station Unit No. 2. A \$150 application fee was remitted with your application pursuant to the June 20, 1984 revision to 10 CFR 170. Your Company was informed of the DL staff's approval of your application with the issuance of Amendment No. 18 to License No. NPF-22 on October 11, 1985.

Based on information provided by the ONRR staff as the result of their final review of your application, it has been determined that this application should be exempted from the fee requirements of 10 CFR 170 since the changes simplify and clarify the TS for the convenience of the Commission. On this basis, an exemption, pursuant to 10 CFR 170.11(b), from the fee requirements of the June 20, 1984 revision to 10 CFR 170 is authorized by law and is hereby granted for your June 24, 1985 application. Therefore, a refund or credit of \$150 is due your Company. If you wish to be given credit for the \$150 application fee, you need only reference Check No. 569367 dated April 4, 1985 in your next application and we will apply the \$150 application fee to that request. Please advise us whether you wish to be given credit for the \$150 application fee or if you wish us to make a refund to your Company.

Sincerely,

Signed, C. James Holloway, Jr.

C. James Holloway, Jr., Acting Director
License Fee Management Staff
