Washington, D.C. 20555

SUSQUEHANNA STEAM ELECTRIC STATION
WITHDRAWAL OF PROPOSED AMENDMENT NO. 71
PLA-2809 FILE R41-2

Docket No. 50-387

- References:
1. Letter, PLA-2545, H.W. Keiser to E. Adensam, dated October 10, 1985.
 2. Letter, PLA-2579, H.W. Keiser to E. Adensam, dated January 7, 1986.

Dear Ms. Adensam:

Reference 1 proposed changes to the Susquehanna SES Unit 1 Technical Specifications in support of a modification to the drywell cooling system. Reference 2 requested that the proposal be held in abeyance, which is its current status. The purpose of this letter is to withdraw Proposed Amendment 71 from further regulatory action.

This decision does not impact any standing regulatory commitment; the subject modification was being performed as an enhancement to a non safety-related system.

Any questions on this request should be directed to Mr. R. Sgarro at (215) 770-7855.

Very truly yours,

H. W. Keiser
Vice President - Nuclear Operations
