Hello,

Thanks for submitting your document to the Rules, Announcements, and Directives branch (RADB) for early review. Please find attached a mark-up including corrections required by the Plain Writing Act, the Office of the Federal Register (OFR), and the Office of Administration (ADM). These requirements are set forth in the NRC Editorial Style Guide (NUREG-1379, Revision 2), the US NRC Regulations Handbook (NUREG/BR-0053, Revision 2), and the OFR's Document Drafting Handbook.

Please note, your document will not be submitted for publication without the incorporation of the required changes. If you feel that the changes made inadvertently change the technical or legal intent of the document, please contact us to discuss the specific basis for the changes and the paths forward.

When forwarding the document for publication in the *Federal Register*, please have your staff also note the following publication requirements:

- The package must include all items listed on the [General Notices checklist](#) and must include a [transmittal letter](#). In addition, include this e-mail along with your package as proof of ADM/DAS/RADB concurrence.
- Ensure that the "Tracked Changes" function for the document have been removed in ADAMS.
- All documents transmitted must be placed in **ADAMS** before the package is sent to ADM. See the [General Notice checklist](#) for instructions on profiling the document in ADAMS.
- The [ADAMS Inventory of Publicly Available Documents](#) must be completed and returned with the final publication package.
- Arrange for any associated NUREGs to be posted to the appropriate NUREG-Series Publications Document Collection at <http://www.nrc.gov/reading-rm/doc-collections/nuregs/>.

If you have any questions, please contact me at 301-415-3479 (e-mail: Christian.LeatherburyDaniels@nrc.gov) or Leslie Terry at 301-415-1167 (e-mail: Leslie.Terry@nrc.gov).

Christian
