Docket No. 50-249

NOV 20 1970

Mr. Sidney C. Carr
 Chairman, Board of Supervisors
 of Grundy County
 Grundy County Court House
 Morris, Illinois 60450

Dear Mr. Carr:

The Atomic Energy Commission has forwarded to the Office of the Federal Register for filing and publication a notice relating to the proposed issuance of a facility operating license to Commonwealth Edison Company for operation of the Dresden Nuclear Power Station Unit 3 at steady state power levels not to exceed 2527 megawatts (thermal). The notice provides that in the event construction has not been completed to permit full power operation, the Commission may issue a facility operating license consistent with the level of construction completed to permit initial fuel loading and low power testing prior to issuance of the full power license. The reactor is located on the applicant's site near Morris, in Grundy County, Illinois.

Copies of the notice, proposed license, and a related safety evaluation prepared by the Division of Reactor Licensing are enclosed for your information.

Sincerely yours,

Original signed by:
 Roger S. Boyd

Roger S. Boyd, Assistant Director
 for Boiling Water Reactors
 Division of Reactor Licensing

Enclosures:

1. Fed. Reg. Notice
2. Proposed License
3. DRL Safety Evaluation
