SUMMARY

On April 20, 2017, the reviewer spoke with Mr. Hosfeld (RSO) inquiring about the facility diagram/layout. Mr. Hosfeld described the general layout of the facility. Mr. Hosfeld clarified that the facility does not use PET material. PET material is used under a different NRC license (PET trailer); the Alpena facility diagram shows PET quite room. The reviewer also asked for a letter from Mid Michigan Health notifying the NRC of a future expansion of the nuclear medicine department. The requested information was received on 5/9/17 (ML17130A738).
