

29 JUL 1988

Docket Nos. 50-387
50-388

Pennsylvania Power & Light Company
ATTN: Mr. Harold W. Keiser
Senior Vice President - Nuclear
2 North Ninth Street
Allentown, Pennsylvania 18101

Gentlemen:

Subject: Enforcement Discretion Regarding Main Steam Tunnel Differential
Temperature Instruments

This confirms the telephone conversation of July 29, 1988, between Gerald Blakeslee of your staff and myself, wherein I granted your request for one-time enforcement discretion to allow readjustment of the subject differential temperature instruments. Specifically this action grants relief from that portion of Susquehanna Unit 2 Technical Specification 3.3.2(c) which specifies placing one trip system in the trip condition. All other Technical Specifications remain in effect.

Sincerely,

William V. Johnston, Acting
Regional Administrator
