SUSQUEHANNA STEAM ELECTRIC STATION
SULFURIC ACID LEAK NEUTRALIZATION
CCN 741326 FILE R9-8C
PLE-10828

Dear Mr. Gadinski:

I am forwarding to you three copies of Pennsylvania Power and Light Company's (PP&L's) proposed work scope to access the degree of sulfuric acid contamination resulting from the underground pipe leak discovered on August 7, 1988. The work scope was prepared for PP&L by Environmental Resource Management, Inc. (ERM).

After we have assessed the degree of contamination, we will forward to you our proposal to neutralize the affected soil.

If you have any questions, please contact me at (215) 770-7887.

Respectfully,

John B. Hansell, Jr.
