Docket No. 50-387

Dear Dr. Butler:

Pursuant to PP&L's commitments in response to TMI Action Item II.K.3.17, "Report on Outages of Emergency Core Cooling Systems," attached is the report for Susquehanna SES Unit 1 covering the first five years of commercial operation. Based on the results, PP&L has concluded that cumulative allowed outage times are not warranted for these systems, and no changes are necessary to improve ECCS equipment availability.

Very truly yours,

H. W. Keiser
