FEBRUARY 22, 1991 PP&L/NRC MEETING
PLA-3539 FILE R41-2

Docket Nos. 50-387
and 50-388

Dear Tom:

Thank you for taking time out of your busy schedule to meet with Harry Keiser, Bob Byram and me on February 22. I believe our discussion was quite valuable and I want to confirm that PP&L will follow up with Region I to get further information regarding the NRC's proposed Integrated Regulatory Requirements Implementation Schedule.

I would also like to assure you that PP&L continues to actively support the NRC/NUMARC joint effort to improve Technical Specifications. It was encouraging to hear that you have recently met with NUMARC and together determined a process which should ensure that this very important activity results in a quality product.

Again, thank you for meeting with us.

Sincerely,

J. T. Kauffman
