Reference: PLA-3501, H. W. Keiser to W. R. Butler, "Proposed Amendment No. 141 to License No. NPF-14 and No. 95 to License No. NPF-22: Addition of Isolation Signals for Containment Isolation Valves for CRM Panel and Wetwell Panel Sample Lines", dated January 14, 1991.

Dear Dr. Butler:

The purpose of this letter is to inform you that PP&L has chosen to withdraw the referenced proposed amendment from further NRC review at this time. The reason for the withdrawal is that the modification has been deferred; when it is rescheduled, we will resubmit our proposal in sufficient time to provide for NRC review.

Any questions on this request should be directed to Mr. R. Sgarro at (215) 774-7916.

Very truly yours,

H. W. Keiser
