and 50-388

Dear Chairman Selin:

Pennsylvania Power & Light Company (PP&L) operates the Susquehanna Steam Electric Station, two large (1050 MWe) BWR units situated in central eastern Pennsylvania. PP&L has set high standards for safety, quality, and productivity at Susquehanna, and the result has been an excellent operating record. Please accept my personal invitation to visit Susquehanna in order to review our operation, and to meet the dedicated people who continually strive to reach our vision of being recognized as one of the best nuclear utility organizations in the United States.

Very truly yours,

H. W. Keiser
