Re: **Change of Name Notification – Wolf Run Mining Company LLC to Wolf Run Mining LLC, Facility – Sentinel Complex, License GL-640928-20**

Dear Ms. Wagner:

On February 3, 2017 I submitted a change of name notification for Wolf Run Mining Company to Wolf Run Mining Company LLC. Recently, we found out that due to some last minute guidance and tax ramifications, there will be another name change related to Wolf Run Mining Company LLC. One of the operations affected by this action was Wolf Run Mining Company LLC (Sentinel Complex), License GL-640928-20.

Wolf Run Mining Company LLC is now **Wolf Run Mining LLC**. Wolf Run Mining LLC has retained control of all sources assigned to the Sentinel Complex under General License Number: **GL-640928-20**. The Radiation Safety Officer remains Tom Freeman at this time.

Additionally, no operational changes have affected the use or location of source materials covered under NRC license control. All materials licensed under **GL-640928-20** are secure and will continue to be utilized and operated as normal going forward.

I apologize for any inconvenience this may have caused. If you have any questions about the Company's name change, please contact me at (304) 457-1895 Ext. 3353, or at 21550 Barbour County Highway, Philippi, WV 26416 or at tfreeman@archcoal.com.

Sincerely,

Tom Freeman, P.E.
Environmental Engineer/RSO
