CONSUMPTIVE USE REQUIREMENTS
CCN 741326 FILE R9-3
PLE- 17676**

Dear John:

Pennsylvania Power & Light Company (PP&L) would like to review Susquehanna River Basin Commission (SRBC) calculations for consumptive use requirements for the Susquehanna Steam Electric Station (SES). We would like to review both the daily consumptive use number (41.2 MGD) and additional discharges of 5 and 25 cfs used in calculating consumptive use requirements. These data were included in your letter of March 2, 1994.

Please contact me at your earliest convenience to set up a meeting to review this matter. I can be reached at (610) 774-7889.

Sincerely,

Jerome S. Fields
