To whom it may concern,

We were ask to write to you to please ^{use} your influence or whatever is needed to keep the people from taking the P. P. & L. away from us. I am sure I can say this for ourselves and many more we are very pleased with service that we have had.

I read the article in the Intell. newspaper of Lancaster, Pa. someone urged it to write to you believing you would have some influence to represent how we feel about it.

Thank you very much.

Yours truly,

Mrs. Rudy S. Fory
