ADD 1/1

A recent title/organizational change has superseded a portion of the original proposed amendments related to the "change of title from the Superintendent of Plant to Vice President-Nuclear Operations and Vice President-Nuclear Operations to Senior Vice President (for certain duties)", and also the "footnote to section 6.5.1.2". This change has necessitated the partial withdrawal request. These title/organizational changes are the subject of a new proposed amendment being submitted under separate cover.

Therefore, please withdraw the Technical Specification changes related to:

- Change of title from Superintendent of Plant to Vice President-Nuclear Operations and Vice President-Nuclear Operations to Senior Vice President-Nuclear in section 6 (for certain duties), and
- Add a footnote to section 6.5.1.2 indicating the Station Duty Manager shall act as Plant Operations Review Committee (PORC) chairman in the absence of the Vice President-Nuclear Operations.

The originally proposed amendments related to the removal of "footnotes no longer applicable" and the "Table 4.11.2.1.2-1 footnote g change" (see attached proposed changes requested in Proposed Amendment No. 177 to License No. NPF-14 and Proposed Amendment No. 131 to License No. NPF-22 per PLA-4215 dated October 28, 1994) should continue to be processed for approval.

Please contact R. D. Kichline at (610) 774-7705 if there are any questions regarding this withdrawal request.

Very truly yours,

R. G. Byram
