FILE A17-2

Reference: (1) PP&L Letter PLA-4844, "Request for Enforcement Discretion: Instrument Line Leak Testing," dated February 3, 1998.

(2) PP&L letter PLA-4846, "Proposed Amendment No. 219 to License NPF-14 and Proposed Amendment No. 181 to License NPF-22: Leak Testing of Instrument Lines, dated February 5, 1998.

The purpose of this letter is to submit an administrative revision to the marked-up pages submitted with our emergency request to revise certain Technical Specification requirements related to leak testing of instrument lines (Reference 2). When this proposal was submitted, PP&L referenced the date of the granting of the NOED, which was February 3, 1998. At the staff's request, we are revising this date to the date of the issuance of the documented NOED, which is February 5, 1998.

Based on its administrative nature, this revision has no impact to the No Significant Hazards Considerations evaluation provided in Reference 2.

If you have any additional questions, please contact Mr. J. M. Kenny at (610) 774-7535.

Sincerely,

G. T. Jones
