Memo To: Radiation Safety Officer

From: Thomas Morris, President

Subject: Delegation of Authority

You, Pradip Tailor, have been appointed radiation safety officer and are responsible for ensuring the safe use of radiation. You are responsible for managing the Radiation Protection Program; identifying radiation protection problems; initiating, recommending, or providing corrective actions; verifying implementation of corrective actions; stopping unsafe activities; and ensuring compliance with regulations. You are hereby delegated the authority necessary to meet those responsibilities, including prohibiting the use of byproduct material by employees who do not meet the necessary requirements and shutting down operations, when justified, to maintain radiation safety. You are required to notify management if staff does not cooperate and does not address radiation safety issues. In addition, you are free to raise issues with the U.S. Nuclear Regulatory Commission at any time. It is estimated that you will spend 10 hours per week conducting radiation protection activities.

Signature of Management Representative

Subject: NRC License Amendment Request - Additional Information Requested.

Hello Mr. Tailor,

Thank you for taking the time to speak with me this morning. Per our conversation, please send a Delegation of Authority letter to support your recent license amendment request. I have attached a copy of a form that may be used for guidance. Additional information may be found in the NRC guidance document for portable gauges NUREG 1556 Vol. 1 Rev. 2, Appendix D.

Please feel free to contact me with any questions via email or at 630-829-9712.

Respectfully,
Laura Cender
