Dear Sir or Madam:

Premier Healthcare, LLC would like to provide notice of a transfer of control of its Byproduct Materials License, Number 13-32020-01, to IU Health Southern Indiana Physicians. The name of the licensee will now be IU Health Southern Indiana Physicians Cardiology. Additional information in support of this change is enclosed below:

1. The Premier Healthcare group was acquired by IU Health Southern Indiana Physicians through a sales transaction whereupon all assets and liabilities were purchased, and whereupon the group is now doing business, under the IU Health Southern Indiana Physicians Tax ID. This acquisition is effective May 1, 2017. All existing certifications and licenses have been, or are being, transferred to the current owner, IU Health Southern Indiana Physicians. Please contact Elizabeth Thompson at 812-353-4817 for any additional questions regarding the acquisition.
2. The Chief Executive Officer for the licensee will now be Elizabeth Thompson. The new Medical Director and Authorized User for the license will be Dr. Jennifer Peterson Goldspiel. Dr. Peterson Goldspiel is currently listed as an Authorized User on the license of Indiana University Health Bloomington Hospital, NRC license number 13-10408-02. Additionally, Dr. Gregory Sutliff will no longer be working at the facility and can be removed from the license. No changes will be made to technical staff or the RSO position.
3. There will be no changes in the organization, location, facilities, equipment, or procedures that relate to the licensed program.
4. The current surveillance program meets NRC guidelines and no changes in status will occur with the transfer of control.
5. Decommissioning will not occur as there is no disruption in service during the transfer of control.
6. The transferee will abide by all constraints, conditions, requirements, and commitments of the transferor.

If there are any questions concerning this license amendment, please contact Mr. Bryce A. Caudle, at 317-443-9035, by email at bcaudle@mpecphysics.com, or by fax at 317-581-1931.

Dear Mr. Byrne:

Enclosed is Amendment No. 72 to your NRC Material License No. 13-10408-02 in accordance with your request. Please also note that we have deleted Condition No. 13 in accordance with current NRC policy to include the reference to Title 10 of the *Code of Federal Regulations*, Part 71, "Packaging and Transportation of Radioactive Material," in the preamble, on page 1 of the license. Changes made to your license are printed in **bold** font.

Please review the enclosed document carefully and be sure that you understand all conditions. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region III office at (630) 829-9887 so that we can provide appropriate corrections and answers.

The NRC's Safety Culture Policy Statement became effective in June 2011. While a policy statement and not a regulation, it sets forth the agency's *expectations* for individuals and organizations to establish and maintain a positive safety culture. You can access the policy statement and supporting material that may benefit your organization on NRC's safety culture Web site at <http://www.nrc.gov/about-nrc/regulatory/enforcement/safety-culture.html>. We strongly encourage you to review this material and adapt it to your particular needs in order to develop and maintain a positive safety culture as you engage in NRC-regulated activities.

In accordance with 10 CFR 2.390, a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Sincerely,

A handwritten signature in cursive script that reads "Sara A. Forster".
