Docket Nos. 55-03382,
50-387 &
50-388

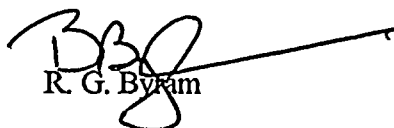

Dear Sir:

The purpose of this letter is to inform you, pursuant to 10CFR50.74, that as of September 9, 1994, Mr. Howard J. Palmer (License No. SOP-10025-3) no longer requires a senior reactor operator license at Susquehanna SES. Mr. Palmer has become the Manager of Nuclear Systems Engineering (non-licensed operator position).

Mr. Kevin V. Chambliss replaced Mr. Palmer as the Manager of Operations at the Susquehanna SES. PP&L was notified by letter dated August 18, 1994, that Mr. Chambliss had successfully completed his initial instant SRO examination and on September 9, 1994, became the Manager of Operations.

This notification complies with the requirements of 10CFR50.74 to the extent that PP&L is notifying the NRC that a licensed operator has been permanently reassigned to a non licensed operator position. We recognize that this notification was not timely; therefore, we need to investigate this event to preclude a similiar occurrence in the future.

Very truly yours,

R. G. Byram
