Subject: Transmittal of Comments on Draft Regulatory Basis for Regulatory Improvements for Power Reactors Transitioning to Decommissioning [Docket ID NRC-2015-0070]

Westinghouse Electric Company LLC (Westinghouse) appreciates the opportunity to provide comments to the NRC on the draft regulatory basis for Regulatory Improvements for Power Reactors Transitioning to Decommissioning.

Westinghouse is submitting this comment letter to state that we agree with and endorse the Nuclear Energy Institute's (NEI's) comments on the decommissioning draft regulatory basis and preliminary draft regulatory analysis. In general, the draft regulatory basis and preliminary draft regulatory analysis provide a sound foundation for several regulatory improvements that would, if implemented, achieve the objective stated in NRC's Advanced Notice of Proposed Rulemaking (ANPR) "to implement appropriate regulatory changes that reduce the number of licensing actions needed during decommissioning."

Westinghouse appreciates the NRC staff's consideration of all comments provided in the comment letter submitted by NEI.
