# PUBLIC SUBMISSION

JUN 13 AM 10: 21

As of: 6/13/17 9:48 AM  
Received: June 09, 2017  
Status: Pending\_Post  
Tracking No. 1k1-8wv5-w3u3  
Comments Due: June 12, 2017  
Submission Type: Web

## RECEIVED

**Docket:** NRC-2016-0119  
Tennessee Valley Authority; Clinch River Nuclear Site

**Comment On:** NRC-2016-0119-0004  
Tennessee Valley Authority; Clinch River Nuclear Site; Early Site Permit Application; Intent to Prepare Environmental Impact Statement and Conduct Scoping Process

**Document:** NRC-2016-0119-DRAFT-0021  
Comment on FR Doc # 2017-07501

### Submitter Information

**Name:** Jim Campbell  
**Submitter's Representative:** Jim Campbell  
**Organization:** East Tennessee Economic Council

RE: Docket ID NRC-2016-0119

To whom it may concern:

The East Tennessee Economic Council (ETEC) is an independent, regional, non-profit membership organization dedicated to supporting the federal government's missions in Oak Ridge and creating opportunities for economic growth around those missions. On behalf of the Council, we would like to express our support for the Nuclear Regulatory Commission's preparation of an environmental impact statement as part of the review of the Tennessee Valley Authority's Early Site Permit and potential Small Modular Reactor (SMR) project at the Clinch River Site. We believe:

SMRs have the potential to provide the United States clean, safe, carbon-free, cost-effective energy.

*SUNSI Review Complete  
Template = ADM-013*

*E-RFDS = ADM-03  
Add = P. Vokoun (PSV) - T. Dozier (TSD2)*

TVA is exploring SMR technology as a way of expanding its diverse portfolio to ensure a safe, reliable supply of energy.

East Tennessee understands and appreciates the need for industries that utilize nuclear resources to produce beneficial products.

East Tennessee provides a pool of talented individuals in the region that have training and understanding of nuclear operations.

The Clinch River Site provides access to the research and development capability and collaboration with some of the world's experts relative to nuclear fuel and nuclear waste characterization, treatment, and storage. SMRs on the Clinch River site will create jobs and have a positive economic impact on our region.

The East Tennessee Economic Council supports TVA's efforts to diversify its energy portfolio and ensure a safe, reliable supply of energy for the Tennessee Valley. We look forward to working with the NRC as it evaluates the Clinch River Site.

Sincerely,

Jim Campbell  
President
