Amendment No. 41

14. Except as specifically provided otherwise in this license, the licensee shall conduct its program in accordance with the statements, representations, and procedures contained in the documents, including any enclosures, listed below. This license condition applies only to those procedures that are required to be submitted in accordance with the regulations. Additionally, this license condition does not limit the licensee's ability to make changes to the radiation protection program as provided for in 10 CFR 35.26. The U.S. Nuclear Regulatory Commission's regulations shall govern unless the statements, representations, and procedures in the licensee's application and correspondence are more restrictive than the regulations.

- A. Application dated December 11, 2015 (excluding procedures) [ML15364A550]
- B. Letter dated February 16, 2016 [ML16063A218]
- C. Letter dated April 25, 2016 [ML16123A097]

Date: June 7, 2017
