To whom it may concern:

Pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, Taylor & Hammel LLC ("T&H") hereby requests copies of all the documents on the enclosed list(s) that are in the custody of the United States Nuclear Regulatory Commission ("NRC") and/or NRC contractors. We realize that there may be some duplication of documents on these lists and therefore request that you only send one copy of any such document. We have also crossed out a number of documents on the enclosed list that we do not need a copy of.

To the extent that any relevant documents have classification exemptions under FOIA, I request that you sanitize the documents for our review. If there are exempt documents that you will not release and/or sanitize, I request that you identify any and all such documents by listing date, author, recipient(s), page numbers, and subject matter. If any documents contain exemptions, please specify the exemptions claimed for each page or passage. In addition, please advise me of any destruction of relevant records and include the date of and authority for such destruction.

T&H agrees to pay all reasonable and standard processing fees authorized by 5 U.S.C. 552(a)(4)(A) and the applicable regulations up to \$250. If the fees will exceed this amount, please call me with an estimate of the costs so that I can specifically request authorization for expenditures beyond \$250.
