SUBJECT: HONEYWELL - CALENDAR YEAR 2018 INSPECTION SCHEDULE

Dear Mr. Fulks:

Enclosed is the schedule of inspections to be performed by the U.S. Nuclear Regulatory Commission (NRC) inspectors at Honeywell for calendar year 2018. The inspection schedule is provided in advance to minimize the resource impact on your staff and to allow for the resolution of any scheduling conflicts and personnel availability issues, well in advance of inspector arrival onsite.

Please note that inspections related to Safeguards are not included in this schedule. In addition, any regional initiative or other reactive inspection is not included. If circumstances arise which cause the NRC inspectors to change the dates of the planned inspections, you will be contacted for notification as early as possible. Please contact Joel Rivera-Ortiz at (404) 997-4825 or Nicholas Peterka at (404) 997-4556 with any questions or concerns you may have regarding this letter or the inspection schedule.

In accordance with Title 10 of the *Code of Federal Regulations* Section 2.390 of the NRC's "Rules of Practice and Procedure," a copy of this letter and its enclosure will be made available electronically for public inspection in the NRC Public Document Room and the NRC's Agencywide Documents Access and Management System (ADAMS). ADAMS is accessible from the NRC's web site at <http://www.nrc.gov/reading-rm/adams.html> (Public Electronic Reading Room).
