Dear Mr. Parrott:

As indicated in your letter dated May 16, 2017 (Reference 8) NRC has determined that additional information is necessary to complete its exemption evaluation and requested GE Hitachi (GEH) provide this information by June 20, 2017. We have begun drafting the information, but will need additional time to respond.

Thus, GEH requests that our response to the NRC be provided no later than July 31, 2017.
