

April 19, 2017

Mr. Brad Harvey
U.S. Nuclear Regulatory Commission
Office of New Reactors
11545 Rockville Pike / MS T-7F27
Rockville, MD 20852-2738

Dear Brad:

The American Nuclear Society is granting you copyright permission of Figures 1 through 4 from ANSI/ANS-2.3-2011 (R2016), "Estimating Tornado, Hurricane, and Extreme Straight Line Wind Characteristics at Nuclear Facility Sites," for use in your presentation for the Nuclear Utility Meteorological Data Users Group Meeting, June 26-28, 2017. Permission is granted as follows:

1. You will create one un-redacted version which contains Figures 1 through 4 from ANSI/ANS-2.3-2011 (R2016) that you will provide to the NUMUG Steering Committee Chair, Frank Hickey, for the purposes of presenting on the screen during the meeting.
2. You will create a second redacted version which will not contain the aforementioned figures that you will send to the NUMUG Steering Committee Chair for the purposes of distributing (either electronically or hardcopy) to the meeting attendees and for posting on the NUMUG web site.

Thank you for checking with us and insuring that you have proper permission for use of copyrighted material. Please do not hesitate to contact me if you have any questions regarding this permission.

Best regards,

A handwritten signature in cursive script that reads "Patricia A. Schroeder".
