Withdrawal of Review Request
NRC Docket Nos. 50-237, 50-249, 50-254 & 50-265

Reference: J.R. Wojnarowski to H.R. Denton letter dated
September 30, 1985

Dr. Murley,

The referenced letter transmitted a request for review and approval of proposed alternate methods and criteria for performing seismic evaluations at Dresden and Quad Cities Stations. The purpose of this letter is to withdraw Commonwealth Edison's request for the approval of that document. Based on discussion with the Project Manager, Commonwealth Edison has determined that it is no longer prudent to pursue approval of this document.
