Dear Mr. Kovach:

SUBJECT: WITHDRAWAL OF APPLICATION FOR AMENDMENTS TO FACILITY OPERATING LICENSES FOR DRESDEN NUCLEAR POWER STATION, UNITS 2 AND 3 (TAC NOS. M75968 AND M75969)

By letter dated January 16, 1990, Commonwealth Edison Company (CECo) submitted an application for amendment requesting a change to thirteen instrumentation tables for each unit to incorporate enhancements from the BWR Standard Technical Specifications (STS) which result in consistency of table format and technical content. By letter dated February 18, 1992, CECo requested withdrawal of the above application. The NRC staff considers CECo's request withdrawn.

The Commission has filed the enclosed, "Notice of Withdrawal of Application for Amendments to Facility Operating Licenses" with the Office of the Federal Register for publication.

Sincerely,

Original signed by:
Byron L. Siegel

Byron L. Siegel, Project Manager
