Subject: NRC License No. 47-31475-01 : Amendment to reflect Management of License as ICG Beckley, LLC, a wholly owned subsidiary of Arch Coal Inc.

Dear Sir or Madam,

ICG Beckley, LLC would like to request control and Management of NRC License No. 47-31475-01 be assigned to ICG Beckley, LLC. And we are a wholly owned subsidiary of Arch Coal Inc.

ICG Beckley, LLC has been made aware of a typographical/submittal error that previously listed Arch Coal Inc. as the original licensee and Joe Tussey as the General manager. Mr. Tussey was the previous General Manager of ICG Beckley, LLC but this was inadvertently omitted from the original application. The notification of the apparent error in listing this License to Arch Coal Inc. was by a return letter from John Miller noting the incorrect management structure after we had properly notified the NRC of Arch Coal Inc. emerging from Bankruptcy.

Since the NRC license was issued, (7-24-2012) ICG Beckley, LLC has been completing the required tests, inspections and related correspondence to remain in compliance with the NRC license requirements. These requirements have been consistently met and all the required tests, inspections and related commitments will continue to be satisfied as per the NRC License Requirements. However, ICG Beckley, LLC will need to amend the license to reflect the correct management structure maintaining NRC License 47-31475-01 at this facility.

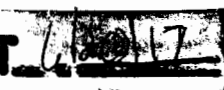

Please advise if this is the proper method for completing this amendment to the NRC permit: see attached forms and related documents. Or please provide the necessary form(s) to complete this Amendment. Thanking you in advance for your assistance regarding this matter.

Sincerely,
ICG Beckley, LLC
