Dear Sirs:

The purpose of this letter is to request a change in the distribution of licensing correspondence which is sent by your Nuclear Reactor Regulation offices to Commonwealth Edison. In the future, all routine correspondence which was previously addressed to Cordell Reed and Tom Kovach should now be addressed to L.O. DelGeorge and D.L. Farrar respectively. A complete mailing address for each is attached to this letter. We understand that occasionally some correspondence requires a different distribution and we consider that an acceptable practice to continue.

If you have any questions regarding this letter, please contact me at 708-663-2093.

Respectfully,

D.L. Farrar
 Nuclear Regulatory Services Manager
