Licensee Event Report 93-016, Docket 050249 is being submitted as required by Technical Specification 6.6, NUREG 1022 and 10 CFR 50.73 (a) (2) (i) (B).

Additionally, this LER is being submitted to report the exceeding of an administrative limit for Primary Containment Leakage. This administrative limit was established as a condition of being granted a scheduler exemption from the local leak rate testing surveillance interval required by 10 CFR50, Appendix J. A courtesy ENS phone notification was also performed concerning this event.
