Nuclear Regulatory Commission Region III  
ATTN: Mr. Mark Ring  
Acting Deputy Director  
Division of Reactor Safety  
901 Warrenville Road  
Lisle, Illinois 60532-4351

Dear Mr. Ring:

I am requesting the licensed operator examination window scheduled for LaSalle Station in October of this year be transferred to Dresden Station. LaSalle Station does not have candidates scheduled to be examined this year. Currently, Dresden Station has a SRO-Limited candidate that will be ready for an examination by October. This transfer would only affect the examination schedule for this year. This request is being submitted per the telephone conversation between Del McNeil of Region III and Tom Johnson of LaSalle Station on July 18, 1994.

Sincerely,

Samuel R. Harmon  
LaSalle Station Training Supervisor

Michael Jordan  
United State Nuclear Regulatory Commission  
Region III  
801 Warrenville Road  
Lisle, IL 60532-4351

Dear Mr. Jordan,

Commonwealth Edison's Dresden Nuclear Station requests a LSRO (Senior Reactor Operator Limited to Fuel Handling) initial examination. We would like to have the examination conducted in the same time frame as Dresden's scheduled 1995 operator requalification examination (February 1995). There will be one (1) candidate being examined, Mr. William Altic.

If you have any questions concerning this request, please contact me at (815) 942-2920, ext. 2110, or Rich Burns, Training Supervisor (extension 2284).

Sincerely,

Jacob H. Kluch  
Operations Training Supervisor  
Dresden Nuclear Station
