Dear Mr. Hilbert:

This is in reference to your application dated May 19, 2017, requesting to renew NRC License No. 45-25383-01. In order to continue our review, we need the following additional information:

1. When submitting your response, please sign the document.
2. Please provide the following information:
 - a. Please submit an outline of the training to be given to prospective radiographers and radiographer's assistants.
 - b. Please provide a copy of a typical examination and the correct answers to the examination questions.
 - c. Please submit all training program descriptions noted in 10 CFR 34.43, except those training and examination program topics listed under 10 CFR 34.43(g).
 - d. Describe the practical field examination that will be given to prospective radiographers and radiographer's assistants.
 - e. Describe the annual refresher training program, including topics to be covered and how the training will be conducted.
 - f. Submit a description of your program for inspecting the job performance of each radiographer and radiographer's assistant at the intervals not to exceed 6 months, as described in 10 CFR 34.43(e).
3. Please make the following commitments:
 - a. Calibrations will be performed by an NRC or Agreement State licensee that is specifically authorized to perform instrument calibrations.

NOTE: This could include calibrations performed by you under an Agreement State license.
 - b. Physical inventories will be conducted and documented at quarterly intervals (not to exceed 3 months) to account for all sealed sources containing byproduct material and devices containing depleted uranium received and possessed under the license.
 - c. We will comply with the NSTS reporting requirements as described in 10 CFR 20.2207.
 - d. Leak test sample collection and analysis will be performed by an organization authorized by the NRC or an Agreement State to provide leak-testing services to other licensees; or by using a leak-test sample collection kit supplied by an organization licensed by the NRC or an Agreement State to provide leak-test kits and sample analysis services to other licensees and according to the instructions provided in the leak-test sample collection kit.
4. Please make one of the two following commitments:

- a. We will not perform sealed source recovery and will use the services of a person specifically licensed by the NRC or an Agreement State to perform the recovery of our sealed sources.
OR
 - b. Submit operating and emergency procedures that include instructions for sealed source recovery and specific required training.
5. Please note that the information you provided pertaining to your storage location, which is located in an Agreement State, was not reviewed.

We will continue our review upon receipt of this information. Please email a signed and scanned (pdf) response letter to me at michael.reichard@nrc.gov or reply to my attention at:
