Dear Mr. Ning:

This is in reference to your amendment request dated April 20, 2017 regarding Nuclear Regulatory Commission License No. 50-17838-01. In order to continue our review, we need the following additional information:

- Please provide the completed supervised work experience for three cases for I-131 therapeutic dose less than or equal to 33 mCi. Be sure to include dates, location of experience, and supervising physician. Your amendment request included only the three supervised cases for I-131 greater than 33mCi.

We will continue our review upon receipt of this information. Please reply to my attention at the Region IV Office and refer to Mail Control No. 594621. Please respond to this e-mail by July 13, 2017. You may reply via e-mail as long as the response is attached in a PDF format or by fax to 817-200-1188.

Please don't hesitate to contact me if you have any questions.

Best Regards,

Michelle,

Dr. Magnuson **did not complete three cases for I-131 therapeutic dose less than or equal to 33 mCi**. All three cases he completed are for I-131 greater than 33mCi. Can he be granted as AU only for I-131 greater than 33mCi?

Please advise me and I will follow your instructions.

Best regards.
