SUBJECT: REVIEW OF REVISION 6J TO THE DRESDEN NUCLEAR POWER STATION'S ANNEX
TO THE GENERATING STATIONS EMERGENCY PLAN

Dear Mr. Perry:

In June 1996, Region III received Revision 6J of the Dresden Nuclear Power Station's Annex to the Generating Stations Emergency Plan. We have reviewed this revision and determined that it is acceptable and does not decrease the effectiveness of your emergency planning.

Revision 6J included refinements to site-specific guidance for developing an offsite protective action recommendation. A reference was deleted to a discontinued position in the corporate organization. Revision 6J also included several minor editorial changes.

If you have any questions, please have your staff contact Mr. T. Ploski of my staff at (708) 829-9812.

Sincerely,

James R. Creed, Chief
Plant Support Branch 1
