WORK NUMBER  
PRR & UTIL. FILE 50-237 et al

Dear Sirs,

I am writing to voice my objection to the Commonwealth Edison transporting 509 radioactive rods from the Dresden plant to Cordova, Illinois.

We know nuclear wastes cause cancer. Transferring the rods from one plant because of risk of contamination, to a plant where protest might not be as strong, still does not minimize the risk.

People in this area should and will protest any more danger to the health of the people.

Acknowledged by card. 5/29

Mr + Mrs Steve Wirth.

Dear Friends:

I am writing to voice opposition to the proposed plan of Commonwealth-Edison Company to move 509 spent fuel rods from their present storage facility at the Dresden Nuclear Power plant to the Quad-Cities Nuclear Power plant near Cordova, Illinois.

As a person living near the Quad-Cities plant, I do not want that facility to become an even greater public health danger than it is already. To allow the Quad-Cities plant to become a waste dump as well as generating station is contrary to the wishes of the surrounding communities.

The danger involved in transporting and storing those additional spent fuel rods will affect the communities between the Dresden plant and the Quad-Cities plant, with the small communities of Cordova and Albany, Illinois facing the most immediate peril.

I urge you to hold public hearings in the Quad-Cities this summer to allow local residents the chance to testify in regard to the storage of the spent fuel rods.

Sincerely,

acknowledged by card...

Dear Sirs,

I would like to add my voice in protest to the proposed move of "spent reactor rods" from Dresden to Cordova for storage.

I am adamantly opposed to adding this additional threat to the menace already present in Cordova.

Please do not let this happen!

Ms. Judy Smith

We hear communally  
Eaton is bringing  
507 radioactive rods  
from the Dresden plant  
to Cordova Ill. and  
we are very much  
against it. A line on  
the down side but  
just up the river  
to Lemmon, so I  
think we have a  
very good reason to  
object. Mr. & Mrs. Youmans
