The Nuclear Regulatory Commission (NRC) reviewed the Commonwealth Edison (ComEd) Company responses for Dresden, Quad Cities, and LaSalle Nuclear Power Stations, dated April 21, 1997, August 6, 1996, and July 31, 1996, respectively.

Subsequently, as a result of Owners Group efforts, additional RPV data information became available. The NRC issued Requests for Additional Information (RAI) (i.e., References 1, 2 and 3) which requested a 90 day response (i.e., by July 30, 1998). ComEd is responding to all three RAI in one response in the attachments to this letter.

If you have any questions concerning this correspondence please contact Denise Nemanich at (630) 663-7283.
