From our earlier discussion today, please accept this additional information. Up until May 19<sup>th</sup>, 2017 the Nuclear Medicine services at Gibson General Hospital were provided through a contract with Good Samaritan Hospital in Vincennes Indiana. Their Nuclear Medicine Technologist retired and their contract was terminated. Medical Outsourcing Solutions signed a contract with Gibson General and began offering staffing to the department on May 26<sup>th</sup> under Gibson Generals license with no interruption in patient imaging services.

If you need additional information, please contact directly by email or phone.
