Re: Dresden Spent Fuel Pool Modification
Docket Nos. 50-237, 50-249

Dear Mary Jo:

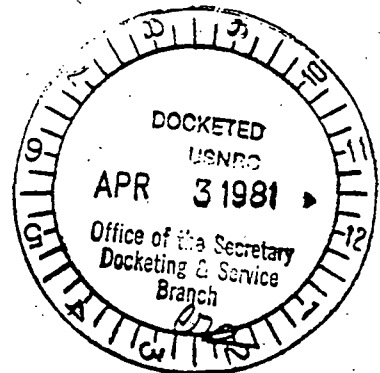

Enclosed are two additional documents we are producing pursuant to our informal discovery agreement. Please note that these documents establish that the fuel grapple has an 1100 lb. capacity, as stated in Mr. Ragan's testimony, rather than the 1800 lb. capacity indicated in previously submitted documents.

Sincerely,

Robert G. Fitzgibbons, Jr.
