RE: Environmental Qualification of Safety-Related
Electrical Equipment at Zion, Dresden, and
Quad Cities Stations, Dockets No. 50-295/50-304,
50-2371/50-249, 50-254/50-265

Dear Sir:

Your letter dated August 14, 1981 proposed that Commonwealth Edison's requests for hearing concerning certain environmental qualification matters be held in abeyance for up to thirty (30) days after the Commission has completed its action on the industry petition for an extension of the June 30, 1982 deadline for equipment qualification. This course of action is satisfactory to Commonwealth Edison.

Sincerely,

Philip Steptoe
Attorney for
Commonwealth Edison Co.
